process.

Experiment with and adopt a variety of processes, methods, and interpretations to explore innovative solutions to creative challenges.	Spring 2020	Direct assessment: Students present a five ~ ten minute overview of their research, creative work and concepts to the Department of Art & Creative Media faculty via prerecorded Powerpoint or Keynote. An evaluation survey is completed by participating faculty members assessing the work using the department rubric	During the month of May 2021, Department of Art Faculty, A. Alexander, V.Hansen, C. Peters, R.Zimmerman were given access to Digital portfolio presentations submitted by ART410 students along with access to a Google Doc Survey used to document each faulty members evaluations; Students enrolled in ART410 (14 total ) spring term 2021	The expected proficiency from the 2020/2021 assessment report anticipates 80% of students reviewed will achieve scores of 3.0 or higher out of a possible 4.0 on each of the four rubric components	BA Students AVG Success Rubric 1 3.2 80% scored above target	of the students seeking the BA , 91% scored above target on rubric 2 which indicates our technique training is working well. However only 58% scored above target on rubric 3 & 4 which is an area we must address moving forward. Collectively, BA candidates performed at or above target on all elements however performance on rubric 3 Preparation / Insight : Project(S) clearly articulates findings of academic research relating to art history and other contexts should be addressed and targeted for improvement . These numbers may be influenced by the small sample of students due to the remote format at the end of the spring term. Given that, the department will address performance in rubric three by placing more emphasis on the importance of research and historical context in their works.	these areas that include changes to courseworks and advisement, a revised set of student learning outcomes and program assessment rubric. Our plan to fully implement these changes were curtailed by the necessary remote model adopted by the University toward the end of the spring 2020 term which extended into the 2020/2021 academic year. We modified our plan to accommodate the remote model however, the department expects to implement changes to the way
Exhibit sufficient fluency in one or more media to craft work that meets appropriate professional standards for the scale and scope of a project. Demonstrate an ability to adapt techniques and formal methods to serve the objectives of the work.	Spring 2020	Department Rubric 1] Objectives / Process Project (s) development is well documented. Objectives are explored through an appropriate variety of processes and methods.  2 Craft / Form Work(s) is prepared and presented using effective and professional standards. Formal choices relate to the objectives and content of the project.  3] Preparation / Insight Project (s) clearly articulates findings of academic research relating to art history and other contexts.  4] Analysis / Interpretation Work (s) demonstrates a creative and scholarly approach. Concepts are explored from a range of perspectives appropriate to achieving the	During the month of May 2021, Department of Art Faculty; A. Alexander, V.Hansen, C. Peters, R.Zimmerman were given access to Digital portfolio presentations submitted by ART410 students along with access to a Google Doc Survey used to document each faulty members evaluations; Students enrolled in ART410 (14 total) spring term 2021	The expected proficiency from the 2020/2021 assessment report anticipates 80% of students reviewed will achieve scores of 3.0 or higher out of a possible 4.0 on each of the four rubric components	Rubric 2 3.26 91% scored above target		in which students present their research/work as well as how we as a faculty engage in the assessment process during the next assessment cycle (spring 2022). Explorations around cooperation and collaboration with other CHASS departments offer unique opportunities that extend into the assessment process. We will take advantage of these opportunities to build assessment events that spotlight integrated studies, creative problem solving and collaborative initiative.
Clearly articulate visually, orally, and in writing the content and context of art historical research and creative work.	Spring 2020		During the month of May 2021, Department of Art Faculty, A.
