Among them are; writing and research skills, public speaking and communication as well as developing intellectual maturity (SLO 3 + 4). The department has worked on actions that will improve the student experience in these areas that include changes to coursework and advisement, a revised set of student learning outcomes and program assessment rubric. Our plan to fully implement these changes were curtailed by the necessary remote model adopted by the University toward the end of the spring 2020 term which succeeded into the 2020/2021

We modified our plan to accommodate the remote model however , the department expects to implement changes to the way in which students present their research/work as well as how we as a faculty engage in the assessment process during the next assessment cycle (spring 2022). Explorations around cooperation and collaboration with other CHASS departments offer unique opportunities that extend into the assessment process. Comments on part I:	The .pdf document contains a revised Department of Art Statement , Department Goals , Student Learning Outcomes, Department Rubric and Assessment plan. Explorations around collaboration with other CHASS departments may affect the details and implementation of the ideas contained in the document however, it is our intention to apply what we see as an improved structure for assessment as soon as we are able.

Comments on part II: The department of Art & Creative Media completed a 5 year review during the 2019/2020 academic year. As part of that process we conducted a deep review of our Mission, Goals, SLO, Assessment Rubric, Assessment Process and anticipated outcomes during the 2020/2021 academic year. The .pdf document contains our plan which includes a revised Department of Art & Creative Media Statement , Department Goals , Student Learning Outcomes, Department Rubric and Assessment plan. We had hoped to engage in the activities outlined in the document starting spring 2020 however the remote format at that time prohibited such activity. Pandemic restrictions continued into the 2020/2021 academic year. In response to these safety measures the department again chose to postpone the expanded in-person event review. Baring any unanticipated restrictions, it is our intention to hold the assessment event described in our report during next assessment cycle (spring 2022) Explorations around collaboration with other CHASS departments and the launch of the School of Creativity + Practice may affect the details and implementation of the ideas contained in the document however, it is our intention to apply what we see as an improved structure for assessment in the spring of 2022.
