i. President

1. Thank you everyone for being here. I want to start off with what I covered last week, the Board of Governors is coming February 8th. There is going to be a dinner and then some of the Student Organizations are going to be represented at that dinner; The BSU, the LSU, ASG and PLP. We are going to have three members, including myself, as ASG representatives there. The BSU already know they have three and LSU knows they have three. So, that's really exciting that we can display some of our finest members of the university to the Board of Governors just because it shows how diverse our school is, and the type of students that encompass our school.
2. I am interested tonight in some of the procedures that we can go through for emergency situations that we experienced last week with the A'viands delema. I still think we went through that as well as we could have but there was lapses in it that we could have been a little better and there is some room for improvement.
3. Right now you should have a budget in front for you or in front of the person sitting next to you, it's approximated at \$14,000, that is actually a conservative number, we are going to be looking at something more like 15,000 or 16,000 budget, Pro Temp Roberts mentioned that we are going to be working on some projects that have been traditional to ASG; through the business we are going to be doing the fiesta with the business, and we would like to put a Valentine's Day programme on as well and many other plans, so we need to start using those funds, and any additional ideas are welcome.
4. We have had a lot of applicants who are interested in ASG in the past three weeks and we are excited to bring the next people in.

ii. Vice President

1. Fall Break: I sent in all the feedback to APSB Board and they really appreciated what we had discussed. As soon as I get the minutes via email I will let you all know of any updates.
2. During Winter Break attended the Board of Alumni meeting and typically in the spring there is a President's Day Gala will be at our brand new Ballroom that is going through construction right now. Usually around that time there is an Alumni Event for ASG Presidents and Vice Presidents but this year we decided to make this reception for anyone who has ever previously been in ASG so we are hoping to get more attendance for this event. As for the actual President Gala I would advise speaking to Nick Potter Foundation to see about getting seats because those tickets do cost money but for now everyone is invited to the ASG Alumni Reception.
3. February 1st, Thursday, at 3pm in GCB 111: SEL is bringing in an amazing leadership speaker, his name is Joshua Fredenburg, I

recommend that everyone attends and I also suggest that you invite as many people as you can.

- a. President Harmon: Could you mention briefly, what we are thinking about for the election this semester?
 - i. Vice President Trujillo: We will keep you all updated when first semester comes for the elections of the upcoming year for ASG. As soon as we bring out election commission on board we will have you guys vote on them.

iii. Directors

1. Director Reynolds: Tomorrow President Harmon and I will be working on a video to explain exactly what ASG did last semester.
 - a. Vice President Trujillo: Is it just you and President Harmon making the video or are you inviting other people to come and join?
 - b. President Harmon: It will be at 10:45 and I welcome anyone from ASG who wants to be in the video to come and join
 - c. Gallery Noell: I think it would be a great idea to invite anyone who works for SOF to come and join this video because they have contributed a lot to ASG
2. Director Ettleman: No update at this time

b. Legislative Branch

i. Pro. Temp. Roberts:

1. Campus Sustainability Work Group met this last week, one of the big things that we are working on is pushing initiative to the strategic planning committee for the university to make recycling one of their main priorities here because we have see a lot of work within our campus and debt priorities and facilities. There are a lot of different areas that the university can really benefit from a recycling programs so we will be recommending to them that we started working a little bit of funds to initiating a sustainable practice that promotes recycling program here on campus.
2. Fiesta with the Faculty: Will start April 19th. This is something HSB's Dean's Advisory Council does every year. We are very excited for all the student to have this opportunity to interact with our faculty.
3. For those who do not know what ASG does for the campus there will be Course Fees for each of the Senators, so that means each Dean from each school will announce something that they are thinking about doing. Senators be in contact with your Deans and let them know if you have any questions about it.

ii. CEEPS Senators

1. Senator Jordan: No update at this time

iii. CHASS Senators

1. Senator Marrow:
 - a. CSU-Pueblos Black Student Union co-host Black History Month with the Office of Diversity and Inclusion. Our first event is February 1st, there will be a Freedom Slam where there will be singing and poetry. We would like for you guys to come on out and tell your friends.
 - i. Pro Temp Roberts: Any event of campus can account to Office Hours.
 - ii. President Harmon: This is a cool event. I participated in it 2 years ago. Definitely post the email Tera sent you on facebook so we can see how we can help out BSU.
 - iii. Senator Freed: Could you say the date again
 1. February 1st, on Thursday in GCB 107 from 6pm to 7pm
- iv. CSM Senators
 1. Senator Bayer:
 - a. February 18th, a Sunday, from 5:30-9:30 at JCPenny, there will be an event sponsored by the Career Center and Student Leadership Program here on campus. This is entitled Suit Up. During this event all dress clothes and formal attire will be 40% off for any students or faculty as long as you bring a campus ID. Sephora will be there giving away free makeovers and makeup and there will be a barber there doing free haircuts.
- v. HSB Senators
 1. Senator Freed:
 - a. Last year we worked on a Grant for the Orchard Project and we got the Grant and we will be excited to be moving forward with that.
- vi. Senators At Large
 1. Senator Booker:
 - a. I am excited to be joining you guys on the ASG Board and also I have been appointed to the Health Advisory Committee, so I will be revealing information from them in the coming weeks.
- c. Judicial Branch
 - i. Chief Justice:
 1. I would like to invite everyone to the Judicial Branch meetings. They are every other Wednesday this month at 4pm. Starting March and April they will be every single week
 2. This last week Pro Temp Roberts and I went to the Free Speech Forum that is on campus and it is important to me that policies on campus are equally for the students and not just on the side of administration. There is a Faculty Committee right now that is working on these policies but

they really need students input. If you have any ideas feel free to let me know.

3. Media Packet: An idea was brought to me about what ASG represents and if we had a Media Packet and we do have that information online. The thought of going through the Policy Manual is a bit much to go through. My idea was that we create something that is 3-5 pages labeling past accomplishments, committees, the Senate makeup, each branches makeup. This way it will be a lot easier for people from the Today or from REV to come and see what we are about.
4. Justice Martinez and I met with Noell to talk about ideas for the Commuter Student Lounge, and if any of you have ideas for improving it let us know.
 - a. Director Ettlman: when you went to the Free Speech Event did they introduce you to the policies they were discussing?
 - i. Chief Justice Rogers: Yes, I do have a sheet outlining everything they addressed.
 - b. Vice President Trujillo: With the Media Packet are you wanting input from us on what to put in it or is this a project specifically for the Judicial branch to take care of?
 - i. Chief Justice Rogers: If you would like to give us any input you are welcome to.

C. Audience Participation:

- a. Wes Taylor:
 - i. Superbowl is coming up. There will be an event going on in the Greenhorn Hall. We are bringing a blow up screen, \$1,000 worth of food, and loud speakers. Everyone is invited, you are welcome to each as much food as you want and just enjoy the game.
- b. Lady from The Today:
 - i. I have a couple questions regarding ASG and the OSU. How much money is operating budget for this semester of ASG amounting to?
 1. President Harmon: Around \$14,000 and that is after we have paid all of our Senators and Directors.
 - a. Who is giving you this budget?
 - i. President Harmon: Student Fee are, we are.
 - ii. How much total cost was the renovation of this building? (OSC)
 1. President Harmon: I believe it was just over 31 million dollars.
 - a. Where did the money for that come from? Strictly the Students? or Students Sponsors and other things?
 - i. President Harmon: It came specifically from the students from our course hours. Every course gets feed a certain dollar amount, so over the last 8 years maybe 6 years back of ASG they decided to create this fee and to create

this building/renovation. So this is our (students of CSU-Pueblo) building.

1. Vice President Trujillo: The Chieftain published the total cost of the OSC was 34 million and 30 million was funded by the students.
