

Colorado State University Pueblo Independent Study Program

CSU Pueblo offers a unique and professional Independent Study Program dedicated to serving our increasingly diverse student population that is convenient, flexible, and affordable. We offer exceptional digital and print-based correspondence courses allowing students to study with us anytime and anywhere. Whether a professional seeking to enhance their educational credentials, a college student seeking to earn credit or wanting to earn a Bachelor of Science degree through our External Degree Completion Program, the CSU Pueblo Independent Study Program can provide the avenue to achieve these goals. Independent Study allows students to participate in a quality educational process with the freedom to choose when and where study occurs.

Independent Study credits can be used to:

- Apply credit toward a degree at Colorado State University Pueblo.
- Transfer credit to another university.
- Meet the requirements for professional certifications.
- Prepare for a new position or profession.
- Provide personal growth and self-fulfillment.
- Begin work toward a degree program for completion at a later date.

Terms of this Catalog

Statements made in this catalog are pulled from the current CSU Pueblo Academic Catalog, the full version of which is available at www.catalog.csupueblo.edu. This catalog is for informational purposes only and should not be interpreted as being contractual. CSU Pueblo and the Division of Extended Studies reserves the right to change, modify or cancel any course, procedure, policy, financial requirement or disciplinary arrangement set forth in this catalog whenever it is determined that such action is appropriate.

Frequently Asked Questions

What are Independent Study courses?

CSU Pueblo is committed to providing high quality and fully accredited digital and print-based correspondence courses for students whose learning needs are not readily met by traditional on-campus offerings. We take education out of the classroom and deliver it in the format that best meets the needs of our students. Our Independent Study courses consist of a challenging curriculum that enables students to learn at their own pace. Our courses are taught by CSU Pueblo faculty members and qualified subject matter experts who possess both a postgraduate degree and college or university teaching experience in their field. All of our instructors and curriculum are reviewed and approved by both the Department Chair of the respective department and the Dean of Extended Studies. The Independent Study Program provides students with flexibility and convenience. Students can enroll at almost any time during the year and study where and when it is most convenient for them.

Who can take Independent Study courses?

Anyone can take Independent Study courses. Individuals do not need to be degree-seeking to enroll in one of our 100+ academic courses. Please note that enrolling in an academic correspondence course at CSU Pueblo does not constitute admission to the University. Students who intend to pursue a degree or certificate must apply for admission.

Can justice-involved individuals enroll in Independent Study courses?

Courses can be taken via print-based correspondence while a student is incarcerated. The U.S. Postal Service is utilized for print-based coursework and materials.

Students will need to be aware of their institution's policies and procedures about sending and receiving documents and course materials, including textbooks. Students should also be aware of their institution's policies and procedures regarding the proctoring of educational exams within their institution, as most courses require proctored exams. Print-based exams are available for all courses when required.

It is advised that incarcerated students identify a third-party advocate to work with Independent Study staff on their behalf to ensure success in the program. An advocate can assist in communicating educational needs, processing registration forms and payments, or facilitating other necessary correspondence. Advocates may not submit course registration or coursework on a student's behalf nor should they directly contact their student's instructors. Additional advocate guidelines are provided at the back of this catalog. Students using an advocate will be required to submit a notarized FERPA privacy release (Consent for Release) provided in this catalog to allow Independent Study staff to communicate with the advocate regarding the student's educational record. Advocates who possess a Power of Attorney must submit the document for review by CSU Pueblo General Counsel to assess authority granted in the POA and may result in a delay of the registration process.

It is also advised that students identify a source of third-party payment for funding. CSU Pueblo does not assist in finding third-party funders. Legislation signed into law on December 27, 2020 included a repeal to the ban on Pell Grant eligibility for incarcerated students. This change should go into effect by July 2023, at the latest. CSU Pueblo is aware of the eligibility change, however we are currently waiting for the U.S. Department of Education to release more details. We appreciate your patience and will provide more information as it becomes available.

Students who move to another facility or are pending release should make arrangements with their instructor(s) and advisor to ensure a smooth transition of coursework.

What courses are available through Independent Study?

Courses available through Independent Study fulfill all requirements for our four Bachelor of Science degree programs. We also offer general education courses that satisfy many universities' general education

requirements for degree completion, as well as multiple course options that satisfy requirements in humanities, social science, English, math, university cross-cultural components, and science lectures with their lab counterparts. Courses annotated with a "GT" in this catalog are approved courses for the Colorado guaranteed transfer program (gtPathways) that guarantees the transfer of coursework among all Colorado two- and four-year public institutions.

The most recent list of course offerings is available on our website at <https://www.csupueblo.edu/extended-studies/independent-study/course-offerings> and can be mailed upon request.

Is CSU Pueblo an accredited institution?

CSU Pueblo is accredited by the Higher Learning Commission, a Commission of the North Central Association of Colleges and Schools, 30 N. LaSalle St., Suite 2400, Chicago, IL, 60602-2501, Phone 800-621-7440. All Independent Study courses approved by their academic department fall under specialized accreditation agencies as follows:

- American Chemical Society
- National Association of Schools of Music
- Council of Social Work Education; and
- Association to Advance Collegiate Schools of Business

Do Independent Study courses require prerequisites and/or placement exams?

Some Independent Study courses have prerequisites that must be met prior to course enrollment. A prerequisite is a course, series of courses, or test score that must be successfully completed before a student can be registered for a specific course. Proof of prerequisite completion may be required at the time of enrollment based on the CSU Pueblo Academic Catalog.

Students must take a math placement exam to determine their level of math ability if registering for math courses. Digital students are required to take the Accuplacer exam, administered by the Campus Testing Center. Print-based students will be provided with an alternative math placement exam. Information on how to take either the Accuplacer or alternative placement exam will be provided prior to registration when necessary.

How long are Independent Study courses?

Course length is dependent on the method in which

tuition is paid. Financial Aid students must abide by 16-week course term dates. Self-pay students have one year from the date of registration to complete a course through digital or print-based formats. Courses may not be completed in less than two weeks (14 days) per credit hour (i.e. a minimum of 6 weeks or 42 days, for a 3 credit hour course).

How many courses can be taken at one time?

Course registration is capped at 18 credit hours per term. Students requesting more than 18 credit hours per term must request an Overload Request Form.

Can Independent Study courses be audited?

Independent Study courses cannot be audited.

What degrees can be obtained through Independent Study?

We currently offer the following degree programs:

- BSBA in Business Management
- Bachelor of Science or Arts in Criminology
- Bachelor of Science in Interdisciplinary Studies
- Bachelor of Science or Arts in Sociology

Dual majoring is not permitted with an Interdisciplinary Studies degree or with a Criminology/Sociology degree combination.

Additionally, students can obtain a Minor in:

- Business Administration
- Marketing
- Psychology
- Sociology
- Supervisor Management

What certificate programs are offered through Extended Studies?

The Foundations of Business certificate is available to students who do not have a background in business but would like to add foundational business concepts to enhance their learning portfolio.

What is the application process for a degree program?

Students must submit the Application for External Degree Completion Program Admission found at the back of this catalog to be considered for admission to a degree program or submit an application online. Failure to complete or fully provide required information on the application will result in delays in admission and registration. There is no application fee for the External Degree Completion Program.

Students seeking admission must submit a crime statement, if applicable, as indicated at the bottom of the application. Disclosure does not prevent admission to our program, but failing to fully disclose circumstances regarding a criminal history will result in a delay of admission.

Students who are seeking admission to the University must have at least a 2.0 to be considered for admission. It is strongly recommended that students have at least a 14 on all subsections of the ACT or at least a 380 on all subsections of the SAT, though students with lower scores may still qualify for admission.

Is college credit awarded for prior learning?

CSU Pueblo recognizes the importance of a student's prior learning. Prior learning is experienced-based learning that has been attained outside of accredited post-secondary education systems, including learning acquired from life and work experiences. Undergraduate academic credit is awarded for college-level learning involving knowledge, skills, and competencies that students have obtained which is equivalent to CSU Pueblo course learning outcomes.

Students seeking Prior Learning Assessment should request the course syllabus for the course they wish to be awarded credit. They will be led through the portfolio process to chronicle and provide evidence of their experience. Supporting documents of evidence include but are not limited to work product, letters of verification, certificates, and certifications.

Students may submit one portfolio for each subject area for which they petition. Each portfolio will incur a \$75.00 non-refundable fee before it is assessed.

How much do Independent Study courses cost?

Independent Study courses are \$225.00 per credit hour. There is an additional \$10.00 fee for a one credit hour print-based course or a \$25.00 fee assessed for a three credit hour print-based course to provide for printed materials and postage. Print fees are non-refundable if a student drops or withdraws from a course. Students no longer need to provide self-addressed stamped envelopes to receive instructor feedback. Textbooks are not included in the cost of tuition and need to be purchased separately through the CSU Pueblo Bookstore or a third-party vendor. Some digital courses may require online videos or the purchase of additional software. Be aware that tuition costs may change without notice.

Independent Study courses are ineligible for Colorado Opportunity Fund (COF), the portion of tuition provided for Colorado residents.

Does it cost more to take an Independent Study outside the United States?

Students residing outside of the United States (excluding APO-FPO addresses) will be assessed an additional fee of \$45.00 for airmail postage at the time of registration if courses are print-based. The Division of Extended Studies sends all United States mail, including mail to APO and FPO addresses, by air.

Can Financial Aid be used to pay for Independent Study tuition?

Yes. Students who use Financial Aid to pay for courses are required to enroll in the 16-week Learn by Term section, which is offered during regular term (Fall, Spring, Summer) dates. Courses paid for with Financial Aid must be successfully completed by the last date of the on-campus term in which the student is enrolled to avoid adjustments or delays to the student's Financial Aid for the next term. Financial Aid awards may vary and may not be funded at the full amount for Independent Study courses because they are designated as correspondence courses, therefore may be considered by the federal government as part-time enrollment unless taken in equal parts with on-campus credits.

Students who are awarded Pell Grant funds may receive funds at mid-semester if at least 50% of their coursework for the term is completed. If the student does not complete 100% of their coursework with a passing grade by the end of term in which the student is enrolled then the student is no longer eligible to receive the Pell Grant, remaining Pell Grant funds will not disburse and disbursed Pell Grant funds will be charged back to the student's account.

See additional Financial Aid information at the back of this catalog or contact the Financial Aid Office for specific information.

Can justice-involved individuals use Pell Grants?

In most instances, no. While the Pell Grant expansion began on July 1, 2023, CSU Pueblo has not yet created Prison Education Programs within facilities that would allow justice-involved individuals at state and federal facilities to access and use Pell Grant funds at our university in the 2023-24 academic year. CSU Pueblo plans on creating Prison Education Programs in the

future to allow admitted individuals at specific correctional facilities to utilize Pell Grants. Any updates will be posted to the website: <https://www.csupueblo.edu/extended-studies/independent-study/index.html>

Can military benefits be used for Independent Study tuition?

Yes. Students using Veterans Benefits to pay for their course(s) are required to follow semester term dates. Independent Study Courses are designed to provide time and flexibility to students and can be completed via e-mail or USPS regardless of where a student is stationed.

Active Duty Military (TA) and students using Veterans Benefits (VA) have different regulations depending on their branch of service. Important dates will be included on the registration confirmation sent to finalize registration.

Can students self-pay for Independent Study tuition?

Yes. Students who pay by cash, credit card, or check, who **do not** utilize any form of government Financial Aid assistance, have one year from date of registration to complete a course through digital or print-based formats.

What is the process to register for courses?

A completed course registration form, provided at the back of this catalog and on our website at <https://www.csupueblo.edu/extended-studies/independent-study/forms.html> is all that is required to register for courses.

CSU Pueblo students wishing to enroll in Independent Study courses should first consult their assigned academic advisor to select the appropriate course(s) needed for their degree program.

Course registration is not the same as admission to a degree program. Students wishing to apply for a degree program must also fill out the Application for External Degree Completion Program Admission found at the back of this catalog.

Can old college credit be applied toward a CSU Pueblo degree?

Any college credit more than 10 years old, excluding CSU Pueblo general education courses, is not applicable toward a degree unless approved by petition to the appropriate Department Chair. The Academic Advisor can assist in facilitating the process for a petition.

What is the process to transfer credits in from another institution?

Students may request an unofficial transfer credit review from the Academic Advisor prior to submission of an External Degree Program Application. Submission of official transcripts from all previous colleges and universities are required at the time of application. It is the responsibility of each student to obtain their own official transcripts from previous institutions.

What is the process for the print-based Independent Study option?

Students enrolling in print-based Independent Study courses will receive a packet of materials upon registration, including a registration confirmation sheet detailing the start date, and drop, withdrawal, and completion deadlines, and a textbook ordering information. The provided syllabus includes instructor contact information and offers guidance through the course with a combination of reading and written assignments, academic journals, term papers and/or proctored exams. The course instructor will evaluate coursework, provide feedback, and assign grades. Students should regularly submit coursework throughout their enrolled course date(s) and plan for exams, especially proctored exams, in advance of the end of the semester. Any feedback provided by the instructor should be used to improve coursework on subsequent assignments. Graded assignments will be returned to the student in the same way in which it was submitted to our office. Please expect a two-week feedback turnaround time from the date on which work was received in our office. It is recommended that all coursework be completed and submitted two weeks prior to the course completion date to meet the semester grade entry deadline. Students who submit coursework in bulk at the end of their course risk missing semester grade deadlines, which can negatively impact funding and the ability to register for the next semester.

What is the process for the digital (Blackboard) Independent Study format?

Students enrolling in digital Independent Study courses will receive a confirmation email sent to the preferred email address provided on their registration form. The confirmation email will detail start, drop, withdrawal, and completion deadlines and also provide a step-by-step guide on how to access the course on the learning management system, Blackboard. All course materials are available in Blackboard within 24-48 hours of student

account activation or course registration, for returning students. The course syllabus in Blackboard includes instructor contact information and provides guidance through the course with a combination of reading and written assignments, academic journals, term papers and/or proctored exams. The course instructor will evaluate coursework, provide feedback, and assign grades. Students should regularly submit coursework throughout their enrolled course date(s) and plan for exams, especially proctored exams, in advance of the end of the semester. Any feedback provided by the instructor should be used to improve coursework on subsequent assignments. Graded assignments will be posted under the Blackboard Gradebook tab. Please expect a two-week feedback turnaround time from the date on which work was submitted. It is recommended that all coursework be completed and submitted two weeks prior to the course completion date to meet the semester grade entry deadline. Students who submit coursework in bulk at the end of their course risk missing semester grade deadlines, which can negatively impact funding and the ability to register for the next semester.

How are textbooks purchased?

Textbooks can be purchased through the CSU Pueblo Bookstore or a third party vendor. It is strongly recommended that students purchase their textbooks and other supplies through the CSU Pueblo Bookstore to ensure the correct materials, as specified in the course syllabus, are used. A book order form for the CSU Pueblo Bookstore is included at the back of this catalog.

When are Independent Study course payments due?

Tuition payment is required in full at the time of registration. Payment plans may be available under extreme circumstances and will be assessed late processing fees. Students must pay off their current term tuition before being allowed to register for the next term. Students using Financial Aid or third party payments will be liable for any unpaid balances. Proof of payment or confirmation of pending aid from the Financial Aid Office, Veteran Success Center, or Athletic Department is due at registration. Payment may be made in the form of a check, money order, or credit card (VISA, MasterCard, Discover, American Express) and can be submitted with the registration form. All checks must be payable to CSU Pueblo. There will be a charge of \$25.00 for any returned checks. E-check and credit card payments can also be submitted through an online payment portal at <https://secure.colorado.gov/payment/puebloextendedstudies>. A \$1.00 e-check or 2.5% card

transaction fee will be assessed at the time of payment.

A full student financial disclosure agreement is available at the back of this catalog for reference. Not all information in the disclosure agreement is applicable to Independent Study students.

Are Independent Study students assigned a CSU Pueblo email address?

Students enrolled in digital course format will receive a CSU Pueblo email address required to access Blackboard. CSU Pueblo uses its campus email system as its official mode of communication. Students are expected to read and respond to CSU Pueblo email messages in a timely, consistent manner and to utilize their CSU Pueblo email to communicate with their instructors. Print-based students will not receive electronic access or an email account. It is at an instructor's discretion to communicate with students via Corrlinks. Students who do not receive a timely response using Corrlinks should utilize U.S. Mail for correspondence. At the current time, JPay is not supported for campus communication.

Is technical support available for Blackboard, PAWS or student email?

Students needing technical support should first contact the Extended Studies staff regarding issues accessing Blackboard, PAWS, NetID, or email to first troubleshoot access.

What other services are available to Independent Study students?

Independent Study students are encouraged to utilize the CSU Pueblo library to access a variety of services including catalogs and databases, inter-library loans, and reference services.

Additionally, the Online Writing Lab is available to Independent Study students to provide tutoring in all types of writing: essay, scientific, business, or creative. Although the Writing Center offers a 24-hour turnaround time, it is not a proofreading service.

How is student information accessed?

Students with digital access can view their university billing information, update personal information and access some educational records in PAWS and Banner Student Self-Service. The Degree Audit Reporting System (DARS) function in PAWS allows students to track their academic progress toward degree completion and view transfer evaluation results for courses completed at

another institution.

Are students allowed to work with another individual to complete coursework?

No. Any use of unauthorized assistance in preparing materials that a student submits as original work is considered as academic dishonesty and constitutes grounds for dismissal. CSU Pueblo's policy on academic dishonesty is included in every course syllabus. Coursework should only be submitted directly by the student enrolled in the course.

Should students retain copies of their work when ready for submission?

It is important that students retain a copy of everything sent to their instructor. Postal mail can be lost in the many processes it goes through to get to our office.

Who can assist with problems in the course?

Students should always contact their instructor first to attempt to resolve any issues related to the course. If the student is unable to resolve an issue with their instructor, they should next contact the Extended Studies Office.

Are proctors required for exams?

Many courses require one or more proctored exams. Proctors serve an important role in maintaining the academic integrity of our program. Proctors are responsible for confirming the identity of a student and supervising the student while taking a test to ensure that all testing rules are followed. After an exam is completed, the proctor returns the document, usually by U.S. Mail, to the Extended Studies Office to be graded.

Students are responsible for identifying an acceptable proctor within the first two weeks of a course. Proctors must be approved by the Extended Studies Office before exams will be sent, so it is highly recommended that students submit their proctor information for approval at the beginning of the course to ensure testing is not delayed. PLEASE NOTE that proctor eligibility is determined by federal guidelines. Proctors cannot be a coworker, peer or friend, subordinate or direct supervisor of the student, relative, Extended Studies student or student employee. Questions regarding the appropriateness of a proctor should be directed to the Extended Studies Office.

Students living in the Pueblo or Colorado Springs area are encouraged to utilize proctoring services available through the CSU Pueblo Testing Center. Proctoring on

the CSU Pueblo campus outside of the Testing Center may only be conducted by the instructor of the course or under special permission from the Extended Studies Office. Students should be aware when selecting a proctor that many proctoring services charge a fee for each exam administered. Fees commonly range from \$20.00- \$50.00 and are set by the individual provider. Students are responsible for paying any fees related to exam proctoring. Some states may require that proctoring for distance education courses be conducted electronically. ProctorU is a fee-based service which proctors exams over the internet via a webcam. Additional information about this proctoring service is available from the Extended Studies Office or in registration confirmation materials. Students who have difficulty identifying an acceptable proctor in their local area should contact the Extended Studies Office for assistance.

Can students drop or withdraw from an Independent Study course?

Students may drop a course before 15% of the course duration from the start of term, or from the course registration date for self-pay students, has passed without a record of the dropped course appearing on the student's permanent record and for a full refund. Immediately following the end of the drop period noted on the registration confirmation, students may withdraw from a course to receive a grade of "W" (withdrawal) on their academic record. A student may not withdraw from a course after 75% of the course duration has passed. Tuition and fees will not be adjusted for course withdrawals during the withdrawal period. Digital students can perform their own drop in PAWS. Print-based students must request to be dropped or withdrawn from a course by contacting Extended Studies staff. It is recommended that Financial Aid students verify the impact to their award and academic standing with the Financial Aid Office prior to dropping or withdrawing from courses.

What if coursework is incomplete by the course end date?

Courses have distinct enrollment and completion periods. Students who utilized Financial Aid or military benefits to pay for their course and are unable to complete the course by the last week of the campus term must file a Request for Incomplete form with their instructor and the Extended Studies Office prior to the end of the semester in which the Incomplete is requested. Requests for Incompletes will only be granted

in cases in which the student can demonstrate the following:

- It is highly recommended that the student has completed at least 60% of the course work with a passing grade.
- Unforeseen circumstances occurred which substantially interfered with the student's ability to complete the course in a timely manner.
- A detailed plan for completing the remaining work within 60 days of the end of the term.
- Acknowledgement from the student that Financial Aid or military benefits for subsequent terms can be delayed or withheld until the course is complete, or may be completely withdrawn.

Self-pay students do not have an option for extension and must complete all coursework within one year from the date of registration.

When are grades posted to a transcript?

Grades are entered on the academic transcript after the instructor has graded all coursework, generally within two weeks of the last submitted coursework or during the grade entry period for semester-long courses. If a student has not completed coursework by the completion date for an Independent Study course, an NG (no grade) may appear on the transcript until the instructor has submitted a final grade. An NG not removed within one calendar year will revert to a grade of "F - failed" and be included in the computation of the student's grade point average. Re-enrollment of a course is not allowed while an NG is still outstanding for that course. All NG grades must be resolved to a final letter grade for the student to be eligible for degree conferral.

What is the process to sign up for graduation once degree requirements have been completed?

Graduation Contracts for fall and spring terms are due no later than the fourth week of the graduating term. Graduation Contracts for the summer term are due no later than the third week of the 12-week summer term. Students unable to complete degree requirements within University deadlines will be required to submit a new Graduation Contract to the Registrar's Office in order to establish a new tentative degree conferral date.

How are official transcripts ordered?

Official transcripts can be ordered and paid for through a third party service on the Registrar's Office website. All financial accounts with CSU Pueblo must be settled

before an official transcript can be issued. Students with a financial hold preventing release of their transcripts may appeal to the Extended Studies staff for a one-time release of official transcripts if needed for academic or promotional purposes.

Only justice-involved students may request their official transcripts through the Transcript Request Form included in this catalog.

Unofficial transcripts can be accessed at any time through PAWS.

For all other Independent Study academic policies, please refer to the current CSU Pueblo catalog.

Intro to Comparative Linguistics (3)

Basic concepts in linguistics; comparison of languages. (Gen Ed: H) (CC)

General Education Requirements

Graduates of Colorado State University Pueblo are lifelong learners who have developed the intellectual and ethical foundations necessary for an understanding of and respect for humanity as well as the knowledge and skills necessary to adapt to the demands of a rapidly changing society.

As part of our Vision 2028 initiative, graduates of Colorado State University Pueblo will be exposed to our Guiding Principles through the General Education Curriculum. These guiding principles will be anchored through active involvement with diverse communities and real-world challenges. General Education courses will self-select one or multiple principles as part of their content.

- **Engagement of Place:** Courses embrace our regional histories, diverse cultures, socioeconomic realities, and physical location
- **Live Sustainably:** Courses emphasize sustainability both regionally and globally
- **Cultivate Entrepreneurship:** Courses focus on educational, economic, cultural, and global innovation
- **Build Knowledge:** Courses advance research and scholarship that serves the public good
- **Impact Society:** Courses highlight our commitment to the health and well-being of our people and our communities

To help students achieve these goals, the skills component of the CSU Pueblo general education program is designed to give students the written communication and quantitative reasoning skills necessary for success in their undergraduate studies and future careers. The knowledge component is designed to give students direct experience in the methods of thought and inquiry in three central areas of academic endeavor: the arts and humanities; the social sciences; and the natural and physical sciences. Through study in the sciences, mathematics, social sciences, humanities, histories, languages, and the arts students will engage with big questions, both contemporary and enduring.

Upon completion of general education courses, students will have intellectual and practical skills. These skills will be practiced extensively across the general education curriculum and include:

- **Written Communication:** Develop and express

ideas in writing, learning to work in many genres and styles, and with many different writing technologies, and mixing texts, data, and images.

- **Quantitative Reasoning:** Apply numeric, symbolic and geometric skills to formulate and solve quantitative problems.
- **Inquiry & Analysis:** Explore issues, objects or works through the collection and analysis of evidence that results in informed conclusions or judgments and break complex topics or issues into parts to gain a better understanding of them.
- **Oral communication:** Prepare purposeful presentations designed to increase knowledge, to foster understanding, or to promote change in the listeners' attitudes, values, beliefs, or behaviors.
- **Critical Thinking:** Comprehensive exploration of issues, ideas, artifacts, and events before accepting or formulating an opinion or conclusion.
- **Creative Thinking:** Combine or synthesize existing ideas, images, or expertise in original ways and the experience of thinking, reacting, and working in an imaginative way characterized by a high degree of innovation, divergent thinking, and risk taking.
- **Information Literacy:** Know when there is a need for information, to be able to identify, locate, evaluate, and effectively and responsibly use and share that information for the problem at hand.
- **Technical literacy:** Use, manage, understand, and assess technology.
- **Problem solving:** Design, evaluate and implement a strategy to answer an open-ended question or achieve a desired goal ().
- **Teamwork:** Belong to teams where effort, manner of interacting with others, and the quantity and quality of contributions are valued.

The Colorado guaranteed transfer program (gtPathways) is a set of general education courses that the state guarantees to transfer. Certain courses taken at Colorado public colleges and universities are guaranteed to transfer among all two- and four-year public institutions in the state. Up to 31 credit hours of successfully completed (C- or better) courses in general education will count toward general education or graduation requirements. These courses are not based on equivalencies but meet specific content and competency criteria. Additional information about gtPathways is available at C (<https://>

cdhe.colorado.gov/guaranteed-transfer-gt-pathways-general-education-curriculum-0/) DHE website (https://cdhe.colorado.gov/guaranteed-transfer-gt-pathways-general-education-curriculum-0/). The gtPathways courses offered at CSU Pueblo are identified in the skills and knowledge components below. They are listed according to their appropriate gtPathways code, which is common among all gtPathways courses in Colorado.

The general education requirement for graduation with a BA or BS degree includes a total of 35 semester credits in two categories:

Skills Component: 9 credits
 Knowledge Component: 26 credits
 TOTAL: 35 credits

Skills Component

Candidates for the baccalaureate BA or BS degree must satisfy institutional and general education requirements, as well as specific requirements for a major. (Students must successfully complete all remedial coursework within their first thirty [30] credits and the Skills Component of general education within their first sixty [60] credits. Transfer students must complete the Skills Component of general education by the end of their second semester at CSU Pueblo.)

Candidate for the Bachelor of Applied Science (BAS) degree must complete one course each in skills component area (6 credits). Skills and knowledge component outcomes are further met through the specific course requirements of their program.

To complete the Skills component, students must successfully complete courses in the following content areas with a minimum overall GPA of 2.000 in courses taken at CSU Pueblo. Transfer courses are not computed within this GPA:

Written Communication (2 courses; 1 from each area): 6 credits
 Quantitative Reasoning (1 course): 3 credits
 TOTAL: 9 credits

A. Written Communication (E)

Take one from **each** of the following categories:

Course	Title	Credits
GT-CO1 (Introductory Writing Course)		
ENG 101	Rhetoric & Writing I (GT-CO1)	3
GT-CO2 (Intermediate Writing Course)		

ENG 102	Rhetoric & Writing II (GT-CO2)	3
ENG 115	Introduction to Technical Writing (GT-CO2)	3
ENG 116	Introduction to Business Writing (GT-CO2)	3
ENG 117	Intro. Scientific/Medical Writing (GT-CO2)	3

B. Quantitative Reasoning (M)

Take **one** of the following courses:

Course	Title	Credits
GT-MA1 (Mathematics)		
MATH 101	Introductory College Mathematics (GT-MA1)	3
MATH 109	Mathematical Explorations (GT-MA1)	3
MATH 120	College Algebra (GT-MA1)	3
MATH 124	Pre-Calculus (GT-MA1)	5
MATH 126	Calculus and Analytic Geometry I (GT-MA1)	5
MATH 156	Introduction to Statistics (GT-MA1)	3
MATH 221	Applied Calc: An Intuitive Approach (GT-MA1)	4

Or any MATH course that includes one of these as a prerequisite¹

¹ If a MATH course is taken that is not one of the above listed GT-MA1 courses but does contain one of the above courses as a prerequisite, the MATH course taken will count toward the Quantitative Reasoning requirement at CSU Pueblo but will not be guaranteed to transfer among all two-and four-year public institutions in the state.

Knowledge Component

To complete the Knowledge component, students must successfully complete courses in the following content areas:

Humanities: (3 courses): 9 credits
 History: (1 course): 3 credits
 Social Sciences: (2 courses): 6 credits
 Natural and Physical Sciences: (2 courses with labs): 8 credits
 TOTAL: 26 credits

Students must take one course that is designated as cross-cultural. Courses taken to meet the Knowledge content area requirements may also be used to meet the cross-cultural requirement if they have a **(CC)** next to their listing.

Students in a Bachelor of Applied Science (BAS) program fulfill general education knowledge component outcomes through the specific course requirements of their program.

Your major may recommend certain courses from this list. Refer to your major's catalog description for more information.

Information Regarding Proctored Exams **ATTENTION STUDENTS: Please Read**

Many courses require one or more proctored exam. Proctors serve an important role in maintaining the academic integrity of our program. Proctors are responsible for confirming the identity of and supervising the student during an exam to ensure that all rules are followed. Refer to your syllabus or the Fast Fact pages in your course packet to determine if your course requires proctored exams. **There are three options for having your exam(s) proctored:**

1. Students living in the Pueblo or Colorado Springs area are encouraged to utilize proctoring services available at no charge through the CSU Pueblo Testing Center. Testing rooms are located at both the Pueblo (719-549-2773) and Colorado Springs (719-586-6901/719-442-2264) campuses. Exams should be scheduled at least three (3) business days in advance. Students are encouraged to schedule exams early in the semester as slots are limited in the last weeks of the semester. Walk-in exams are not permitted.
2. ProctorU is an online proctoring service contracted by the Independent Study Program. For more information, refer to the handout located at www.csupueblo.edu/extended-studies/doc/proctoru-handout.pdf or at the back of this catalog.

To register for ProctorU and schedule an exam go to <https://go.proctoru.com/registrations>

- Students are responsible for paying any fees related to proctoring exams, in addition to the cost of tuition for the course.
 - Not all Independent Study exams are available on ProctorU. Courses that require you to show your work, such as MATH and ECON, are not available online.
3. Students can complete an Exam Request Form found in Independent Study folder Blackboard or in the Forms packet sent with the course syllabus to have exams sent to an approved proctor. The form is also available at www.csupueblo1.formstack.com/forms/exam_request_form

Students are responsible for identifying an acceptable proctor **within the first two weeks** of a course. Proctors must be approved by the Extended Studies Office before exams will be sent, so it is a good idea to submit proctor information early to ensure testing is not delayed. All exam requests will be processed after the course(s) drop deadline. Once processed, exams will be sent to the approved proctor within approximately 3 to 5 business days. Only one Exam Request Form is required for each course – all exams for a course will be sent to the proctor in one packet.

For acceptable proctors, refer to the Exam Request Form found in Blackboard or in the Forms packet sent with the course syllabus.

Questions regarding the appropriateness of a proctor should be directed to the Extended Studies Office at 719-549-2316 or 719-549-2319.

Incarcerated Student Guidance

1.

• **Before enrolling in or applying to the Independent Study Program, consider the following:**

- Does your facility require prior approval for you to enroll in correspondence courses?
- Are appropriate personnel or services available to provide test proctoring?
- What are the mailroom requirements and guidelines at your facility regarding the receipt and distribution of textbooks and course materials?
- Do you have a third party sponsor/advocate who can communicate with Independent Study staff on your behalf?
- What funding resources are available to you?

2a.

• **Degree Seeking Students**

- Submit a completed External Degree Program application for admission to CSU Pueblo.
- Send any official transcripts to Admissions so that previous college credits can be reviewed and applied toward your selected degree program.
- After admission, the program advisor will recommend any required placement exams, courses you should take, and send you an official degree plan.

2b.

• **Non-Degree Seeking Students**

- Submit a course registration form with payment in full.
- The program advisor will recommend any required placement exams.

3.

• **After acceptance/course registration:**

- A registration confirmation letter with course dates and a course materials packet will be sent to you.
- Purchase your textbooks.
- Follow the guidance provided in the course packet to complete the course requirements.
- Create a schedule to ensure that all work is submitted at least two weeks before the course completion date.
- Submit course materials consistently throughout your course to allow adequate time for instructors to provide feedback and post grades. DO NOT submit materials in bulk.

Advocate/Sponsor Guidance

Thank you for your role in your student's education and success in the Independent Study (IS) program at CSU Pueblo. Your assistance can be a valuable tool in your student's academic progress as it can speed up communication between the student and IS staff concerning certain matters. It is important that the student is responsible for their own success. Below is guidance to assist you in your role as a sponsor.

- For IS staff to communicate with sponsors, the Consent for Release form is required by Family Educational Rights and Privacy Act (FERPA) regulations, signed by your student, and **notarized**.
- To update a student's address, a Change of Address form must be submitted by the student, with their signature. We cannot change an address in our system based on a phone call from a sponsor or a student.
- Textbook information and Fast Facts are available to sponsor and/or student upon request, prior to student's registration. Syllabi are available only to the student after registration.
- Degree plans are available to both student and sponsor by request, with a valid Consent for Release form on file, which may be useful if the sponsor is assisting the student with course and degree planning.
- Sponsors should not contact instructors directly, because instructors do not have direct access to Consent forms. Sponsors can contact IS staff and request updates to include registration status, receipt of homework, etc. Please allow the Independent Study team sufficient time to investigate and respond to requests.
- Student grades can be released to the student only, not the sponsor.
- Sponsors cannot drop/add courses for their student. The student must submit a signed registration form to add courses. The student must submit a request in writing to drop or withdraw from a course.
- Sponsors cannot submit homework for their student. If a sponsor logs into Blackboard on behalf of their student, it may result in disciplinary action and possibly a suspension of the account.

All Power of Attorneys (PoAs) require CSU Pueblo General Counsel review to establish the applicability of the PoA to campus policy. The below chart is a guide that demonstrates what PoA's may and may not cover:

Student Financial Disclosure Agreement

Colorado State University Pueblo (CSUP) is dedicated to becoming the People's University of the Southwest United States by 2028. Just as CSUP gives all students the opportunity to further their education and develop the resiliency and agility needed to successfully navigate a rapidly changing world, CSU Pueblo also expects students to maintain CSUP's values (<https://www.csupueblo.edu/vision2028/>) and to fulfill your commitments as students, members of our campus community, and as citizens of the world. This service agreement reflects the financial obligation of students in support of the education and services you receive while at CSUP. Please read this agreement thoroughly, and contact Student Billing if you have any questions or concerns at 719-549-2181 or studentbilling@csupueblo.edu. We are happy to answer any questions you may have about your financial commitment and your education. Every member of our team works to ensure that you have the support that you need in order to have a meaningful experience at CSU Pueblo. Welcome to our pack!

Payment of Fees/Promise to Pay

I understand that when I register for any class at CSUP or receive any service from CSUP, I accept full responsibility to pay all tuition, fees and other associated costs assessed as a result of my registration and/or receipt of services. I further understand and agree that these services and benefits are for educational purposes and constitute a promissory note agreement (i.e., a financial obligation in the form of an educational loan as defined by the U.S. Bankruptcy Code at 11 U.S.C. §523(a)(8)) in which CSUP is providing me educational services, deferring some or all of my payment obligation for those services, and I promise to pay for all assessed tuition, fees and other associated costs by the published or assigned due date.

I understand and agree that if I drop or withdraw from any classes I register for, I will be responsible for paying all or a portion of tuition and fees in accordance with the University Withdrawal Refund Schedule as posted on the Student Billing Website (<https://www.csupueblo.edu/business-financial-services/student-billing>). My inability or failure to attend class or receive a bill does not absolve me of my financial responsibility as described above.

Delinquent Account/Collection

Financial Hold: I understand and agree that if I fail to pay my student account bill or any monies due and owing CSUP by the scheduled due date, CSUP will place a financial hold on my student account, preventing me from registering for future classes, requesting transcripts, or receiving my diploma.

Late Payment Charge: I understand and agree that if I fail to pay my student account bill or any monies due and owing CSUP by the scheduled due date, CSUP will assess payment deferral/late payment charges at the rate of 1.5% per month on the past due portion of my student account until my past due account is paid in full.

Collection Agency Fees: I understand and accept that if I fail to pay my student account bill or any monies due and owing CSUP by the scheduled due date, and fail to make acceptable payment arrangements to bring my account current, CSUP may refer my delinquent account to a collection agency. I further understand that if CSUP refers my student account balance to a third party for collection, a collection fee will be assessed and will be due in full at the time of the referral to the third party. The collection fee will be calculated at the maximum amount permitted by applicable law, but not to exceed 40% of the amount outstanding. I am responsible for paying the collection agency fees, and all costs and expenses including reasonable attorney fees that CSUP incurs in its collection efforts. Finally, I understand that my delinquent account may be reported to one or more of the national credit bureaus.

Returned Payments/Failed Payment Agreements: If a payment made to my student account is returned by the bank for any reason, I agree to repay the original amount of the payment plus a returned payment fee of \$25.00, within 15 days of the payment being returned, using guaranteed funds as a method of payment for this payment as well as all future payments made to CSUP. I understand that if the returned payment goes unpaid, it will be treated the same as all unpaid debt to CSUP in which it will incur

late payment charges at a rate of 1.5% per month and be subject to the same terms outlined in the 'Collection Agency Fees' section of this agreement. At minimum, CSUP will attempt to contact the originator of the payment by mail. I understand that multiple returned payments and/or failure to comply with the terms of any payment plan or agreement I sign with CSUP may result in cancellation of my classes and/or suspension of my eligibility to register for future classes at CSUP.

Communication

Method of Communication: I understand and agree that CSUP uses email as an official method of communication with me, using CSUP's official pack.csupueblo.edu email address, or other provided alternate email (only available in limited instances), and I am responsible for reading the emails that I receive from CSUP on a timely basis.

Contact: I authorize CSUP and its agents and contractors to contact me at my current and any future residences, cellular phone number(s), email address(es) or wireless device(s) regarding my delinquent student account(s)/loan(s), any other debt I owe to CSUP, or to receive general information from CSUP. I authorize CSUP and its agents and contractors to use automated telephone dialing equipment, artificial or pre-recorded voice or text messages, and personal calls and emails, in their efforts to contact me. Furthermore, I understand that I may withdraw my consent to call my cellular phone by submitting my request in writing to CSUP or in writing to the applicable contractor or agent contacting me on behalf of CSUP.

Updating Contact Information: I understand and agree that I am responsible for keeping CSUP records up to date with my current physical address, email addresses, and phone numbers by updating this information on PAWS/SSB as appropriate. Upon leaving CSUP for any reason, it is my responsibility to provide CSUP with updated contact information for purposes of continued communication regarding any amounts that remain due and owing CSUP. Contact information can be updated via a student's PAWS/SSB account or in-person at the Registrar's Office. Former students will need to contact the Registrar's Office. Students who are also employees of CSUP should contact Human Resources.

Method of Billing

I understand and agree that CSUP uses electronic billing (e-Billing) as its official billing method while I am considered an enrolled or active student. (Students are considered as active students until they are no longer enrolled at university census of the following term.) Therefore, I am responsible for viewing my university billing statement in PAWS/SSB and then paying my statement balance by the scheduled due date. I further understand that failure to review my e-Bill does not constitute a valid reason for not paying my bill on time. If there is current activity on my account or if I have a balance due, an e-Billing notification will be emailed to my official CSUP pack.csupueblo.edu email address, or other provided alternate email (only available in limited instances). Additional e-Billing notifications may be sent to alternate email addresses maintained by me on PAWS/SSB.

Billing Errors

I understand that administrative, clerical or technical billing errors do not absolve me of my financial responsibility to pay the correct amount of tuition, fees and other associated financial obligations assessed as a result of my registration at CSUP.

Financial Aid

I understand that my Financial Aid Award is contingent upon my continued enrollment and attendance in each class upon which my financial aid eligibility was calculated. If I drop any class before completion, I understand that my financial aid eligibility may decrease and some or all of the financial aid awarded to me may be revoked and become immediately due and payable to CSUP.

If some or all of my financial aid is revoked because I dropped or failed to attend class, I agree to repay all revoked aid that was disbursed to my account and resulted in a credit balance that was refunded to me.

Prizes, Awards, Scholarships, Grants: I understand that all prizes, awards, scholarships, and grants awarded to me by CSUP will be credited to my student account and applied toward any outstanding balance. I further understand that my receipt of a prize, award, scholarship, or grant is considered a financial resource according to federal Title IV financial aid regulations, and may therefore reduce my eligibility for other federal and/or state financial aid (i.e. loans, grants, Federal Work Study) which, if already disbursed to my student account, must be reversed and returned to the aid source.

Other Charges

I understand that I am responsible for all other non-tuition related charges that are billed to my student account for products, services and/or fines received by CSUP. Such charges include, but are not limited to, Bookstore, library, parking, Auxiliary Services,

and Housing. All such charges should be paid according to the respective office/department's terms and conditions, as well as the terms and conditions outlined by CSUP when charges are placed on a student account.

Privacy Rights & Responsibilities

I understand that CSUP is bound by the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. §1232g) and (34 C.F.R. Part 99) which prohibits CSUP from releasing information from my educational record without my written permission, with limited exceptions as allowed by law. Therefore, I understand that if I want CSUP to share information from my educational record with someone else, I must provide written permission by following the procedure outlined within each respective department at CSUP in which I am requesting information to be shared. I further understand that I may revoke my permission at any time by request, in writing, to each respective department. CSUP policy regarding FERPA and student records may be found at <http://csu-pueblo-policies.colostate.edu/policy.aspx?id=28>.

IRS Form 1098-T

I agree to provide my Social Security number (SSN) or taxpayer identification number (TIN) to CSUP upon request as required by Internal Revenue Service (IRS) regulations for Form 1098-T reporting purposes. If I fail to provide my SSN or TIN to CSUP, I understand I may be subject to IRS fines/penalties as a result of my missing SSN/TIN. I consent to receive my annual IRS Form 1098-T, Tuition Statement, electronically from CSUP. An email notification will be sent to my pack.csupueblo.edu email address, or other provided alternate email, notifying me that the form is available via PAWS/SSB. I understand that if I do not consent to receive my Form 1098-T electronically, a paper copy will be provided. I understand that I can withdraw this consent at any time via PAWS/SSB

Student Age

I understand and agree that if I am under the age of 18 when I execute this agreement that the educational services provided by CSUP are a necessity, and that I am contractually obligated pursuant to the "doctrine of necessities" and that I have either consulted with legal counsel or have made the choice not to consult prior to execution of this agreement.

Law and Jurisdiction: I understand and agree that this agreement shall be construed pursuant to applicable laws of the State of Colorado and that proper venue for any legal dispute regarding the terms or enforcement of this agreement include Courts of proper jurisdiction within the State of Colorado.

DO YOU CERTIFY THE FOLLOWING?

I understand and agree that if at any time after submitting this application, I am arrested and charged with any crime, OR if I am convicted* of stalking, sexual assault, domestic violence, assault, kidnapping, voluntary manslaughter, or murder, OR I am found responsible for stalking, sexual assault, domestic violence (or disciplinary proceedings are initiated for stalking, sexual assault, or domestic violence) by any school or educational institution of any type, whether public or private, then I am required to disclose any and all such information in writing to the Director of Admissions at the Colorado State University Pueblo or, once I have enrolled at CSU-Pueblo, to the Director of Student Conduct. I also understand and agree that such information may result in the delay, rejection, or revocation of admission to, or loss of credit or dismissal from Colorado State University Pueblo

check box to indicate: I agree with the statement above.

The University can only inquire about specific criminal history during the admission process. However, certain programs may have criteria that may preclude you from completing coursework and/or obtaining licensure in your field based on criminal history not inquired about on this application. For example, the University cannot inquire about drug convictions on your application; however, a drug conviction may prevent you from obtaining licensure in some fields. Please contact the academic department and/or the state licensing board to determine if your criminal history may prevent you from completing coursework or obtaining licensure.

Have you ever been placed on probation, suspended, or expelled from any high school or post-secondary institution for reasons not pertaining to academic performance? YES NO

To comply with Colorado State Law, all males between the ages of 17 years, 9 months, and 26 years must answer the following question:
